1.0 MISSION, PURPOSE AND PACKING LIST

1.1 The missions of a cadet attending this encampment are:

1. to develop an awareness of the missions of the United States Air Force;
2. to benefit from the encampment experience by the expanded development of his/her leadership potential;
3. to nourish an adherence to the Cadet Oath and an increasing respect for CAP's core values.

1.2 The purpose of encampment is to provide cadets with a foundation upon which to build the rest of their Civil Air Patrol careers. The encampment will provide cadets with the opportunity to:

1. apply knowledge gained in the cadet and senior programs to practical situations;
2. develop a greater understanding of Civil Air Patrol and Air Force missions and capabilities;
3. develop leadership potential, discipline, time-management skills, and interpersonal skills;
4. learn how to overcome challenges and succeed;
5. enhance their local units' Cadet Programs;
6. aid in retention and motivation;
7. receive an introduction to the military.

1.3 Equipment: Please view the packing list on the encampment website at <https://sites.google.com/a/ohwg.cap.gov/encampment/resources>. There are no facilities to purchase supplies, so please ensure that all items are brought to Encampment. We cannot be responsible for any item or personal property brought to the encampment. Do not bring any item not included on the equipment list. All clothing and equipment **must** be marked indelibly with your name using permanent marker or writing on waterproof tape. Do not use garbage bags as luggage as your gear may be confused with actual garbage and unintentionally discarded.

Cadets should NOT bring electronic devices of any kind or cell phones to the Encampment. If brought, they will be held by the encampment staff until check-out.

2.0 TRAVEL AND CHECK IN INFORMATION

2.1 In-Processing:

1. Report on Saturday, June 16, 2018 (time to be announced).
2. Report to Wright State in ABUs/BDUs. Wright State's address is: 3640 Colonel Glenn Highway, Dayton, OH 45435
3. When you arrive, pull into Parking Lot 10. Staff will be there to direct you.
4. Park and unload your luggage in the designated location. A Staff Member will tag your bags based on your assigned squadron. At this point, leave the luggage with the staff who will transport it to your dormitories. Cadets and Parents next report to the In-Processing Tents in the parking lot. Cadets will line up to report in with parents to ensure a proper check-in. At this station the Administrative staff will ensure that all paperwork is in order so the Cadet is able attend encampment and participate in all activities. After Cadets check in with Admin and fill out

any missing paperwork and resolve any issues, they will report to the Medical Station. Cadets will produce medication to show the staff (so make sure not to leave it with your luggage) and verify medical issues with Health Services Staff. Once finished with all 3 stations, Cadets will take the encampment oath, say good-bye to their parents and quickly report to the CAP vans to be driven down to the dormitories to begin the week.

4.0 ENCAMPMENT MEDICAL INFORMATION

4.1 Medications- During in-processing all medications will be verified by the Health Services Officer, but *will not* be collected from cadets. Cadets will be responsible for the administration of their own medications. All medication, prescription and over the counter, must be in the original container. You may place medication in a pill dispenser for daily use, but the original containers must be available.

4.2 Access to Medication- Cadets are responsible for letting their respective flight staff know when they need to take their medications, and the staff will ensure the cadets have adequate time to self-administer. Medications will be kept on the cadet's person (if necessary to be taken during the day) or stored in the dorms (if taken only upon wakeup or immediately before bed).

4.3 Medical Care- Per CAP activity regulations, there will be no trained medical staff present on staff. Should a cadet need emergency care, senior member staff will be on hand and transportation to a nearby medical facility will be made.

4.4 Heat Stress- Due to encampment's conditions (high physical activity, high temperatures), it is imperative that everyone take measures to ensure the risk of heat stress stays low. Everyone is expected to stay constantly hydrated (water and Gatorade will be made available), eat each meal, and to salt their food to keep electrolytes up. Cadets are expected to eat full meals (this is not the time to lose weight). Flight staff will be looking out for cadets to ensure the training environment is a safe and productive

one. Staff members know the signs of heat stress for quick identification and treatment before the condition worsens. Cadets are to look out for their flight mates to ensure high accountability.

4.5 Blisters- Blisters are the most preventable medical issue at encampment. Dress shoes, boots, and tennis shoes are to be broken in prior to encampment to prevent blisters as it will be very uncomfortable to walk around (and there is a lot of walking) with blisters resulting from new shoes. Moleskin is on the packing list to treat blisters and hot spots as they arise.

5.0 DISCIPLINARY POLICY, RULES AND REGULATIONS

5.1 There are two classes of offenses, A and B. **Class A offenses are major violations that may result in expulsion from the Encampment.** Class B offenses are lesser infractions that may result in the assessment of lesser punishment, such as litter patrol, barracks clean up, etc. The Cadet and Senior Staff reserve the right to adjudicate and punish any, and all, offenses. The Encampment Commander's decision is final in case of any dispute. Possession of contraband will result in disciplinary action.

5.2 DISCIPLINARY CLASS SYSTEM

7. Dormitory areas of members of the opposite sex are prohibited from 2030 to 0530 hours for all personnel. Entering dormitory areas of the opposite sex during authorized hours is for OFFICIAL BUSINESS ONLY. You will sound off "Male /Female" ON DECK!" so all can hear. Do not enter until cleared by someone in the dormitories. If there is no response after three honest attempts, assume no one is in the area and enter.

6.0 ENCAMPMENT HONOR CODE

6.1 The Encampment Honor Code- *"We will not lie, steal, or cheat, nor tolerate among us anyone who does."* The purpose of the Honor Code is to foster an environment based upon a personal sense of honesty and integrity. Implementation of the Honor Code means you will be trusted to do what is right and must confront those who violate these standards. An honor code violation will result in mandatory counseling with the Commandant of Cadets and possible removal from encampment. If you think a violation has occurred or if you have a question about the Honor Code, talk to your flight commander.

1. Lying. Lying is any statement of untruth, which is meant to deceive or mislead. One example of lying is intentionally signing in at an improper time in order to avoid a regulation violation.

2. Stealing. Anyone who wrongfully takes, obtains, or withholds someone else's property without their permission, with the intent to temporarily or permanently deprive another of property, is guilty of stealing.

3. Cheating. In essence, cheating is taking unfair advantage of another. Cheating violates the competitive sense of "fair play." An example of cheating at encampment is looking at another cadet's paper when completing an encampment knowledge test.

4. Toleration. Toleration means enduring without complaint. If you know a cadet has lied, stolen, or cheated, and you fail to report or confront the matter, you may be guilty of toleration, therefore breaking the honor code.

7.0 RELIGIOUS ACCOMMODATIONS

7.1 Church Services- Services will be held on Sunday at encampment for all faiths. They are optional and if cadets would like to attend they are to let their flight staff know. Cadets not attending services will have a Character Development class.

7.2 Chaplain Availability- There will be a chaplain available for the duration of encampment to talk to upon request by the cadet through a flight staff member. Training officers are also available for guidance and counseling. However, if this is abused, disciplinary action may be taken.

8.0 MEMORY WORK

8.1 Students are **required** to have each section memorized by the end of the listed day. You will be quizzed throughout each day and graded by the Stan/Eval staff. When reciting memory work you will begin by prefacing with an appropriate title (i.e. Sir, Ma'am, Sergeant). You will then restate the title of memory work you were asked to recite. Ex. 11.3 Unnecessary noise will not be permitted in the dormitories at any time.

11.4 Dormitory areas will be kept clean and in inspection order between the hours of 0600 and 2030 daily. 'Inspection order' means free from dirt and with clothing, beds and other material in accordance with Stan/Eval standards.

11.5 Cadets will sleep in a head-to-toe arrangement to minimize the spread of illnesses. This means bunkmates face opposite directions. You will be instructed on this when you receive your bunk assignment.

11.6 Cadets must sleep in their own beds, between the sheets. You will remain in your bed between Taps (lights out) and Reveille with the exception of using the restroom or an emergency.

11.7 There will be **NO talking after lights out**. If cadets must leave their bunks to use the latrine they will use the latrine and proceed directly back to their beds.

11.8 Cadets will be familiar with Stan/Eval diagrams posted throughout the dormitories. Rooms will be in accordance with these standards during daily inspection hours.

11.9 Scores from daily inspections will be posted on the doors to the respective rooms. Make note of any comments left by the Stan/Eval team.

11.10 If there are any questions or concerns about your score, please discuss this with your flight staff.

11.11 Students are not permitted to close the doors to their rooms after they leave since this may lead to inadvertent locking.

11.12 Cadets will turn lights off when leaving the room.

11.13 Windows are to remain closed at all times unless specifically instructed by staff to open them.

12.0 CUSTOMS AND COURTESIES

12.1 Cadets will briskly and silently remove headgear with their right hand immediately upon entry into a building or under a canopy or cover. Headgear is not worn indoors or on a flight line. Headgear is worn under awnings, covered walkways, and covered porches. For the purposes of this activity, vehicles will be considered "indoors," and so the cover will be removed.

12.2 At no time shall any cadet walk on the grass unless within the flight or directed to do so by a staff member.

12.3 When you meet an officer outdoors, you must salute and issue a verbal greeting appropriate for the time of day. If both of your hands are full, you will not attempt to salute, but will still issue an appropriate verbal greeting. An appropriate verbal greeting means saying "Good Morning", "Good

Afternoon”, or “Good Evening”, for example. Morning shall be defined as any time before between 0000 until 1159, afternoon is any time between 1200 and 1659, and evening is between 1700 and 2359. You may, however, modify your greeting within good taste. Outdoors includes awnings, porches, and covered walkways.

12.4 All cadets may attend the religious service of their faith on the appropriate day.

12.5 All cadet and senior member officers will be addressed as “Sir” or “Ma’am”, accordingly. Additionally, all staff will be addressed by their title, e.g., “Sergeant Jones” or “Colonel Smith.”

12.6 When attending classes and tours, you will treat instructors with the utmost courtesy and respect, regardless of rank and whether they are in CAP, the military, or are civilians. They will be addressed as sir, ma’am, or sergeant or with the appropriate title and last name (rank and name or Mr. /Mrs. and last name), unless they instruct you otherwise.

12.7 Students will stand at attention when addressing or being addressed by a staff member unless the staff member directs otherwise.

12.8 Students will not be seated in classrooms until directed to do so.

12.9 Reporting procedures. Knock once at the door and wait for instructions to enter. Position yourself two paces from the officer or the desk. Salute and report: Cadet (your grade and name) reporting as ordered, Sir/Ma’am/Sergeant. Drop your salute after it has been returned. Converse professionally, using the proper courtesies. When your business is completed, salute, wait to have your salute returned, execute a facing movement (left, right or about) toward the exit and depart.

12.10 A salute will not be rendered indoors except when reporting. Instead, offer the appropriate verbal greeting. “*Good Morning, Ma’am*”, *Good Afternoon, Sergeant*”, etc.

14.3 Proper placement for hats is on the lap, knee, or floor. Cadets will not put items other than food (hats, road guard vests, binders, etc.) on the table. The best place is usually under the chair.

14.4 Only one hand will be used for eating. The other will be kept in lap except when cutting meat or buttering bread, etc.

14.5 No cadet will be denied any portion of his/her meal. Take what you want; eat what you take. Seconds may be obtained only after completion of first helping and with permission from your cadet staff.

14.6 Cadets are expected to eat and maintain a properly balanced daily diet. Cadets will not consume carbonated beverages or desserts unless specifically authorized.

15.0 CLASSROOM PROCEDURES

15.1 Cadets will file into the classroom in a column of files. Cadets will follow the directions of their staff members to where they will be sitting for the duration of the class session.

15.2 Cadets will not sit down immediately but stand at attention or parade rest until further instruction is given by staff members or the class instructor.

15.3 During classes cadets will give full attention to the instructor. Cadets may also hydrate freely and use the bathroom by asking their flight staff (NOT THE CLASS INSTRUCTOR).

15.4 To exit the classroom cadets will file out row-by-row, squaring their corners while proceeding outside and will await further instruction by their flight staff.

1. It helps to maintain health and well-being.

3. It allows staff to evaluate the flight's physical condition.

PT will occur daily and consist of various activities similar to those cadets might conduct at their home squadrons.

16.2 Conducting PT- During encampment you may perform PT with your flight or squadron. Your cadet staff will conduct the exercises as follows:

1. The staff member will announce: "*The first(next) exercise of the day will be [name of exercise].*" Cadets will echo the name of the exercise.
2. The staff member will announce: "*It is a ___-count exercise.*"
3. The staff member will then announce: "*Starting position is..... Starting Position, MOVE!*"

Cadets will immediately assume the correct position.

4. The staff member will then give the command “*Ready, BEGIN!*” Cadets and staff will start performing the exercise.

5. The staff member will call the cadence. At the end of each repetition the cadets will sound off with the number of repetitions completed.

6. At the completion of all repetitions, the staff member will command “*RECOVER,*” and cadets will return to the position of attention.
